Latham Thermoplastic Steps utilize the patented TES Support System for optimum tread reinforcement and strength.

Solid sheet of co-extruded Luran® with an ABS substrate with slip-resistant tread pattern for safety and durability.

Functional Beauty

Latham's thermoplastic steps combine beauty, comfort, and functionality. Choose from a wide range of step configurations, built-in lounges, and sunledges designed for relaxation and gathering.

Engineered for Performance

Constructed from a solid sheet of co-extruded Luran® with an ABS substrate, Latham steps feature a strong one-piece design that resists delamination, splintering, corrosion, and punctures. A raised slip-resistant tread enhances safe entry and exit, while durable weatherable polymers provide exceptional resistance to frost and backfill saturation.

TES Support System

Latham thermoplastic steps utilize the patented TES Support System for enhanced tread reinforcement and strength. Six-foot and eight-foot models include recessed jet locations, and all models feature pre-punched gasket holes for easier installation.

Warranty

Latham thermoplastic steps are backed by a lifetime limited transferable warranty.

Luran is a registered trademark of Styrolution.
